

**REMARKS**

The Applicant appreciates the courteous and complete examination of the application by the Examiner. In view of the foregoing amendments and the following remarks, a reconsideration of the instant application is respectfully requested.

The Examiner objects to the disclosure under 37 CFR 1.71, as being so incomprehensible as to preclude a reasonable search of the prior art by the Examiner. Additionally, the Examiner further states that the Brief Description of the drawings should be placed before the "Disclosure of the Invention", with each figure being briefly described.

The Applicant submits a certified English translation of the Italian application, which the present application claims priority to.

A substitute specification is submitted to correct all informalities, and to clarify the present invention for which the present application pertains to. The Applicant would like to make the Examiner aware that the substitute specification includes descriptions of figures which were not included in the Italian application. The figure descriptions were added in the PCT application which the present application is a national stage entry of. Hence, the substitute specification includes the certified English translation of the Italian application and the additional descriptions of the PCT application, both of which the present application claims priority to.

No new matter was introduced into the specification.

In order to expedite the prosecution of this application, claims 18-27 and 30-37 have been amended to more completely cover certain aspects of the Applicant's invention, and to correspond to the substitute specification.

With the above amendments being fully responsive to all outstanding rejections and formal requirements, it is respectfully submitted that the claims are now in condition for allowance, and a notice to that effect is earnestly solicited. Should the Examiner feel that there are further issues which might be resolved by means of telephone interview, the Examiner is cordially invited to telephone the undersigned at (403) 444-5695, or email at davidguerra@verizon.net.

A one month extension of time fee of \$60.00 is provided.

Respectfully Submitted,

David A. Guerra, Reg. 46,443
